

MEMBERSHIP APPLICATION FORM

WHY JOIN THE STEEL FRAMING ALLIANCE?

The Steel Framing Alliance (SFA) remains at the forefront of the latest technological advances for building with cold-formed steel, from fastening to hybrid construction. In a market where Time, Money and Resources are in short supply, the SFA works to help its members fill some critical needs while achieving important goals. By providing you with access to tools, information and ideas, we'll help you:

- Shorten your learning curve
- Sharpen your marketing edge
- Streamline your operations
- Leverage cost advantages
- Get a 'Heads Up' on new market opportunities

1201 15th Street, N.W. Suite 320 | Washington, DC 20005

JOINING IS EASY!!

(Please call SFA's headquarters at 202-785-2022 or e-mail membership@steel framing.org)

1. Review SFA member benefits and select your category
2. Visit www.steel framing.org to complete your member application online and pay your dues now (easiest method), or complete this application and fax back to 202-785-3856
3. Name your company's designated contact
4. Add the names of the additional company contacts in your membership, and purchase any individual memberships for additional contacts you wish to add as necessary
5. Consider CFSEI membership
6. Select your Local Chapter
7. Get Ready to enjoy the benefits of Steel Framing Alliance Membership

PARTICIPATE ON THE LOCAL LEVEL BY JOINING A LOCAL ALLIANCE OR CHAPTER

MEMBERSHIPS

INDUSTRY

Includes all major participants and significant contributors to overall market development efforts.

Industry Member Benefits:

1. Eligibility for a seat on the Steel Framing Alliance's Board of Directors (subject to Board approval)
2. Free access to all Steel Framing Alliance products, services and programs
3. Opportunity to include unlimited number of employees in membership

All other benefits included in Association, General Member, and Subscriber categories.

ASSOCIATE MEMBER

Company-based and includes manufacturers of studs, specialty products, associations, and other providers of converted products for the steel framing industry. Associate members include:

1. Stud Producers-Determined by the Steel Stud Manufacturers Association (SSMA), includes seven levels based on company size.
2. Manufacturer of Tools, Fasteners/Connectors; Specialty Products; Component Fabricators; and Pre-Engineered Systems.
3. Equipment Manufacturers-include companies that produce equipment used to manufacturer finished products.
4. Association/Allied Organization-*includes non-profit organizations in the construction, design and manufacturing industries. Partnering associations must have current, active programs with the Steel Framing Alliance, and are not required to pay dues.*

Associate Member Benefits:

Associate member companies may register up to five additional individuals who are employed by the member company. To include additional memberships from your company, you have two options:

Six or more members can be added using the additional fee schedule listed under "General Member."

For example, if you are a Truss Manufacturer, and you want to have 7 members receiving all benefits, you would pay \$2,500 for the first 5 members and an additional \$175 for the final two members.

Or

You may sign additional members up in the "Subscriber Member" category, at no additional cost. These members will receive all the information listed under subscriber, but will not receive any regular mailings.

All other benefits described in General Member and Subscriber categories.

GENERAL MEMBERSHIP

Architect, Engineer/Structural Engineer, Builder Owner/Developer, Commercial Contractor, Marketing/Public Affairs, Researcher, Educator/Trainer and any other type not listed under Investor or Associate.

Also affords companies and associations the opportunity to add additional individuals to their membership at a nominal cost. Dues are graduated according to number of individuals from a company or association who join or are registered.

General Member Benefits:

1. 25 percent discount on all Steel Framing Alliance products, services, programs and seminars
2. 24/7 access to exclusive "Members Only" section of the SFA Web site – Free downloadable publications and other resources
3. Regular mailings of Steel Framing Alliance updates and industry news through the monthly Framework On-line
4. Advance notice of Steel Framing Alliance programs, seminars and events
5. Complimentary company listing on www.steel framing.org (the steel industry's "yellow pages") with a link to your Web site
6. Includes Cold-Formed Steel Engineers Institute (CFSEI) membership for qualified individuals
7. One membership in the CFSEI chapter of your choice (for an additional fee depending on the chapter you choose)
8. CFSEI Members: One complimentary copy of substantial collections of printed documents (e.g. CFSEI Tech Note binder) will be provided to the designated primary contact. Other members will receive an electronic copy with permission to print up to 3 copies of each Steel Framing Alliance document (additional copies available an additional fee)
9. Complimentary Steel Framing Alliance Annual Report and Annual Market Data Report featuring national and regional market share information
10. All other benefits described in Subscriber category

SUBSCRIBER (Free membership)

Notice of upcoming programs, events and announcements of industry news and publications when they become available.

Not entitled to any other Steel Framing Alliance member benefits
