The enhanced ICC-ES Evaluation Reports are here!

Starting with September report publications, the ICC-ES Evaluation Reports have an improved look and enhanced features:

- A streamlined single-column format for improved readability and usability
- Your logo and your product image featured prominently on the front page
- Improved in-report navigation with links to specific referenced sections of the report including supplement reports, tables and figures
- An in-report pop-up of the detailed scope of the applicable ICC-ES Acceptance Criteria (AC)
- External links to easily access the referenced code books
- All the same comprehensive technical content and important product evaluation information as before!
